Enrichment Made Simple **BEN** EMS^{PLUS} Enrich-n'Nesttm Dispenser

DESCRIPTION:

The **BEN** Enrich-n'Nesttm & Bedding Dispenser makes providing enrichment for mice simple, cost effective and sensible. Compact, feature rich and versatile design, **BEN** is a vacuum bedding system that permits dispensing Enrich-n'Nesttm as a bench top or free standing system, on a portable cart or in conjunction with a conveyor type (curtain or waterfall style) bedding dispenser. **BEN** can dispense the full line of Andersons' Bed-o-Cob[®] products.

FULL FEATURE SYSTEMS:

Graphic Touch Panel HMI:

Displays system status, such as:

- Filter & System Condition Vacuum Pressure Sensors.
- Low & high dispensing bin material levels.
- Cage count

Provides access to functions and controls, such as

- Selectable cage size amounts, up to four (4) different cage types*
- Adjustable quantity output (through a security access sub-screen)
- Auto and on-demand vacuum loading of product into dispenser

SELF CONTAINED – Provides more functions and uses less space.

OHS & ERGONOMICALLY PROACTIVE - Resulting in greater productivity.

REMOVES DUST - leaves the work area uncontaminated.

VACUUM LOAD / TRANSPORT – eliminates lifting to fill dispenser, from next to the dispenser or from a Remote Storage System 100 feet (30M) or more away.

OPTIONS:

Cart: 48" l x 24" w x 34" h heavy duty Stainless Steel, with locking casters, storage compartment and shelves.

Remote Storage Systems: Bin, Carboy or Bulk Bag Discharger.

Conveyor Application Conversion Kits: The **BEN** Bench Top is easily adapted for use on conveyor type (curtain style) bedding dispenser.

Catch Tray: 21 in. (530 mm) x 24 in. (610 mm) x 1.5 in. (38 mm)

DIMENSIONS:

HEIGHT	without standard bench top legs	30 inches (765 mm)
	with standard bench top legs	40 inches (1000 mm)
DEPTH	without standard bench top legs	14 inches (356 mm)
	with standard bench top legs	18 inches (260 mm)
WIDTH	2 cage fill standard (48 cages/min)	24 inches (610 mm)
	4 cage fill simultaneously (96 c/m)	40 inches (1000 mm)

UTILITIES:

ELECTRICAL – 120 VAC, 60 Hz, 1ph, 15 AMP, GFCI supply

Also available– 230/240 VAC, 50 Hz, 1ph, 15 AMP, GFCI supply

Internet Access: May be required for some applications.

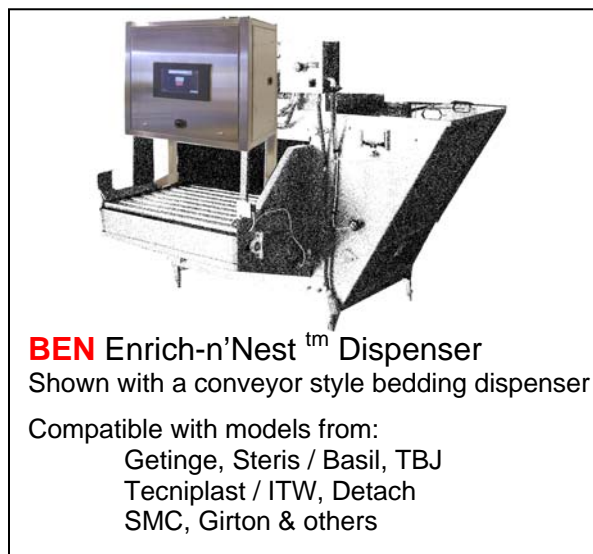

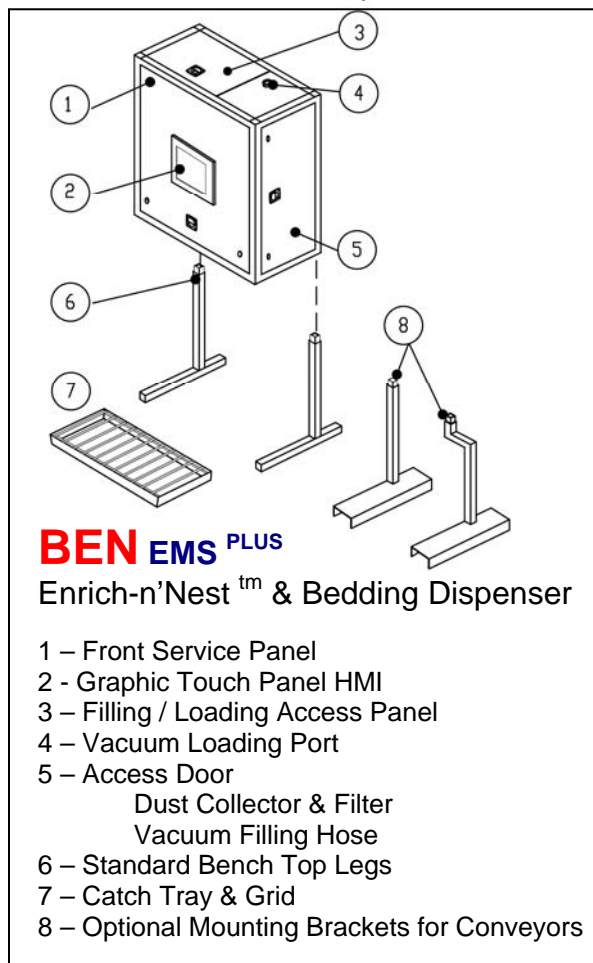

INFORMATION REQUIRED:

ELECTRICAL: Supply voltage & frequency, if other than 120 v 60 Hz

NUMBER of CAGES to be FILLED at once: 2 or 4 (maximum of 6).

2 cage configuration is standard for the bench top applications.

For conveyor applications: manufacturer, model, width between roller/belt frame.
